THE NEW AMENDMENTS AS THEY PASSED THE SENATE.

JOINT RESOLUTION PROPOSING AMENDMENTS TO THE CONSTITUTION OF THE UNITED STATES.

Be it Resolved by the Senate and House of Representatives of the United States of America (two-thirds of both Houses concurring,) That the following articles be proposed to the Legislatures of the several States as amendments to the Constitution of the United States, either of which, when ratified by three-fourths of said Legislatures, shall be held as a part of said Constitution—namely:

ARTICLE XV.

No discrimination shall be made in the the United States among the citizens of the United States in the exercise of the elective franchise, or in the right to hold office in any State, on account of race, color, property, education, or creed.

ARTICLE XVI.

The second clause, first section, second article of the Constitution of the United States shall be amended to read as follows:

Each State shall appoint, by a vote of the people thereof, qualified to vote for representatives in Congress, a number of Electors equal to the whole number of Senators and Representatives to which the State may be entitled in the Congress; but no Senator or Representative, or person holding an office of trust or profit under the United States, shall be appointed an Elector; and the Congress shall have power to prescribe the manner in which such electors shall be chosen by the people.

The joint resolution now goes to the House for concurrence.

GENERAL GRANT—NOT "BEHOLDEN" TO ANYBODY.—The New York *Times*, considered as much General Grant's organ as any paper, has this plain talk to discontented Republicans, who think General Grant ought to tell them everything:

"General Grant will not be, in our judgment, so much at the mercy of party organizations, nor so dependent upon them for support and success, as Presidents usually find themselves, for the reason that he is not indebted primarily to any such organization for his nomination, nor to party considerations of any kind for his election.—His services in suppressing the rebellion gave him a strength with the country which made it a necessity for the Republican party to make him its candidate; and the general confidence of the whole country, in his sound judgment, practical prudence, and disinterested patriotism, will give his administration a degree of strength which no party organization can resist."

The Cincinnatti *Commercial*, also Republican, thus satarizes the perplexity of these "cricketty" Radicals:

"It is believed, and there is terror in the thought, that he has deliberately taken his pocket slate and ciphered out the Cabinet for himself. How does he know whether his Cabinet will please the party? Well, perhaps, he don't care very much whether the party is pleased. At any rate, the wisest of the persons assembled at Washington, and by courtesy called statesmen, shake their heads and say they know nothing about Grant. He was a military necessity, and that's all; or, in the last words of Hamlet, 'The rest is silence.'"

HEADING HIM OFF ROUND THE WORLD.—Hong Kee, a Chinaman, who has been for some time playing diamond cut diamond with the sharp and enterprising San Francisco merchants, and who lately victimized several of them to the extent of eighteen thousand dollars, sailed last Thursday for China in the steamer Japan. But telegrams were at once sent to Hong Kong, by way of New York, London and Ceylon, to arrest him and recover the goods. Hong Kee, this Chinese Swartwouter from San Francisco, offers almost a ludicrous picture as he hurries to Hong Kong, pigtail in air, as fast as steam can can carry him, only to be confronted and confounded there by the fatal message which has been sent in exactly the opposite direction by electricity to meet him. The San Francisco merchants can thus head him off round the world is a surprising and significant fact. How it confuses our notions of east and west! How strikingly it indicates the part which electricity and steam are to play in the future all over the globe! How suggestive is it of the changes which these potent modern agencies have already made and are yet to make on the map of the world! Henceforth the United States must occupy the proud central position hitherto allotted by the Chinese themselves to the flowery kingdom.—*N. Y. Herald.*

IMPORTANT OPINION OF THE SUPREME COURT.—The Supreme Court of the United States, on Monday, in the case of the County of Lane, vs. the State of Oregon, gave an important decision. The question on this cause was whether or not the State was authorized to collect its tax in coin. The county tendered payment of the amount due in legal-tenders, and claimed that under the legal-tender act the State was bound to accept such payment. The Court of Oregon sustained the State in its demand for payment in coin, and on appeal to this court that judgment is affirmed. The Chief Justice delivered the opinion of the Court, holding that the legal-tender act did not apply to the collection of State taxes. That was a matter wholly within the constitutional authority of the State, and with which Congress had nothing to do. The State can collect its taxes in coin, or in kind as it shall determine by statute. A tax is not a debt within the meaning of the legal-tender act. A debt arises in contract, but a tax is an obligation imposed on the citizen, without his consent, by the sovereign. The judgment of the Supreme Court of Oregon was affirmed.

RAILWAY CONNECTIONS.—The connection of the Wilmington, Charlotte & Rutherford Railroad with the bridge at Meares' Bluff is all completed with the exception of a few hundred feet which is a part of the contract of the Bridge Company. On this side the grading on the connection from the depot to Hilton Bridge is all complete and the track can be laid in a few weeks.

The grading for the connection of the Wilmington & Weldon Railroad with these bridges is nearly completed.

Surveys have been made for the connection of the Wilmington & Manchester Railroad, but the line is not as yet exactly located. The distance will be about two miles.

Nothing definite regarding the site of a general passenger depot has been agreed on.—*Wil. Journal.*

LIFE INSURANCE.

THE KNICKERBOCKER

MUTUAL LIFE INSURANCE COMPANY,

OF NEW YORK.

Southern Branch, SAVANNAH, Ga.,

A. WILBUN, *Manager.*
R. D. ARNOLD, *Consulting Physician.*

THE ONLY BRANCH OFFICE OF LIFE INSURANCE IN THIS SECTION WHERE POLICIES ARE ISSUED AND LOSSES PAID.

ASSETS NEARLY

$5,000,000.

ANNUAL INCOME NEARLY

$3,000,000.

Annual Dividends nearly 50 per cent.

$73,500 LOSSES PAID BY THE SOUTHERN BRANCH IN TWO YEARS.

THE KNICKERBOCKER IS AN OLD, RELIABLE Company, and offers as great inducements to insurers as any solvent Company can. Issues Policies on every desirable plan. Loans one-third of Premium to Policy-Holder.

All Policies non-forfeitable, as the insured can at any time, on demand, get its surrender value.

NO RESTRICTIONS ON RESIDENCE OR TRAVEL.

NO EXTRA CHARGE for OFFICERS of the ARMY or NAVY, Officers of first-class Steam or Sail Vessels, or Railroad Conductors, &c.

The "KNICKERBOCKER" is ONE of the TWO Northern Companies whose Policies in the South were kept intact during the entire Rebellion, whose Dividends were accredited to Policy Holders as though Premiums were paid.

And is THE Company that paid all losses after the war, that occurred during the war, thus proving its integrity, the honorable method of conducting its business, and its indisputable solvency.

The KNICKERBOCKER still pays all losses, never disputes a just claim, and is as liberal and SAFE as any Company in America.

Importance of Life Insurance.

Read another forcible illustration of how the CONNECTICUT MUTUAL LIFE INSURANCE COMPANY pays its losses:—

"Received, at Raleigh, N. C., Jan 29th, 1869, of S. D. Wait, General Agent of the Conn. Mutual Life Ins. Co., two thousand five hundred and forty-five dollars, in full payment of Policy No. 84,031, and dividend on the life of my late husband, ——, and I hereby surrender all my right, title and interest in the same to said Company.

(Signed) —— ——, of Newbern, N. C."

We refrain from publishing the names of the parties, because we do not think it advisable to publish one's private business, but will state, although the party had not been insured quite five months, yet received a 50 per cent. dividend or $45 on the premium paid. The dividends of this Company have been larger than those of any other, averaging over 50 per cent. annually, from the beginning and the present dividend (Feb 1st, 1868,) exceeds the average. On this twenty-fifth annual dividend the Directors have, besides declaring a 45 per cent. dividend upon the premium paid, declared a per centage dividend on the surplus reserve arising from interest, which increases the policy holder's dividend annually, and on some policies pays over 70 per cent. this year. They have also adopted a *reduced all-cash premium table* with immediate annual dividends.

This company is purely mutual; there are no Stockholders to absorb its earnings. It offers abundant security in a large accumulated fund of over TWENTY-THREE MILLIONS DOLLARS, derived alone from its business, and has $154 a sets, securely invested for every $100 of its liabilities.—Its plans of business comprise all the desirable forms of insurance.

Polices Insured in '67,	15,251
Am'nt Insured, nearly	$45,000,000

Dividend Fifty per cent.

Receipts for Interest Nearly Paid Its Losses.

It has $130 Assets for every $100 Liabilities.

Its premium receipts at the present time are nearly HALF A MILLION DOLLARS per month and are rapidly increasing.

The growth of the Ætna has never been equaled by any other Company whatsoever, in Europe or America.

Particular attention is called to the fact that while its business is increasing unprecedentedly, its ratio of expenses is comparatively small.

ECONOMY of management, CARE in the selection of risks, *promptness* in the payment of death claims, and *security* in the investment of its immense Trust Funds, are rigidly adhered to, and have ever characterized this Company.

The ÆTNA issues all the favorite kinds of Polices at the most favorable rates.

The ÆTNA issued last year more Endowment Insurances than any other Company.

The ÆTNA'S ratio of expenses, or cost of new business is less than any other Company whatsoever, and less than *two-thirds* of the average.

The ÆTNA is as liberal in permits to travel, in all parts of the world, as a sound discretion will warrant, and is much more liberal than any other prominent Company.

ANNUAL INCOME over $6,000,000.

The only Company that has the Low Participating Non-forfeitable Term Insurance with privilege of renewal. Ex. of rate at age 30 $14 67, which is nearly 40 per cent. lower than any other leading Company. Also

Non-forfeiting cash rates with dividends on contribution plan and payable at the end of the first year.

Description of Policies.

First—Whole Life Policies.

Second—Endowment Policies, for terms of ten fifteen, twenty, twenty-five, thirty, and thirty-five years.

AGES.

Insurance will be granted at all ages from fifteen to sixty years.

PREMIUMS.

Premiums are payable annually during the continuance of the insurance, or annually during a period of five, ten, fifteen, or twenty years within the insurance term, or by single payment.

DIVIDENDS.

All Whole Life and Endowment Policies issued at the rates published herewith, will participate in the surplus from the date of issue,

The dividends will be declared and paid annually upon the contribution plan, and may be applied as the assured shall elect, either to reduce future premiums, or to increase the Cash Value of the Policy.

If no election be made the dividends will be added to the Cash Values.

When, by adding the dividends to the Cash Value, the accumulations on any Policy shall have become sufficient to keep the same in force for its *full amount*, without further payments, the assured may, at his option, either continue payment of premiums—and enlarge thereby the annual additions to its Cash Value—or discontinue them; and in either case, when the accumulations shall have become equal to the sum insured, the annual dividends on the Policy will be declared as a per centage of said sum, and *paid in cash*, and upon surrender of said Policy the sum insured thereby will be paid in *full*, without regard to the time fixed therein for its payment.

The system of applying the dividends is peculiarly advantageous to the assured, securing, at an increased age, not only relief from further payment of premiums, but, at the same time, an annual income until death, unless he shall have previously received full payment of the Policy.

Dividends on paid-up Policies—that is, Policies which require no further payment of premium to continue them in force for the original amount of insurance—will be paid in cash upon demand.

NON-FORFEITURE RULES.

No whole Life or Endowment Policy, on which two or more annual cash premiums have been paid, shall be forfeited by failure to make further payment as stipulated therein, but will continue in force for the full amount which the Cash Value and dividends, then accumulated, will purchase, taken as a single net premium, upon the "Actuaries" rate of mortality and four per cent. interest; and the amount continued in force will generally exceed the aggregate of the payments actually made, extra charges excepted.

LIFE INSURANCE.

The Most Vigorous and the Most Liberal Insurance Company in the Country.

BROOKLYN LIFE INSURANCE COMPANY,

141 Broadway, N. Y.

ASSETS OVER

$1,000,000!

CHRISTIAN W. BOUD, ... President.
ABRAM D POLHEMUS, ... Vice President.
WILLIAM M. COLE, ... Secretary.
D P. FACKLER, ... Consulting Actuary.
DANIEL AYRES, M D. LL.D., *Med. Examiner.*

POLICIES ISSUED AS GOOD AS UNITED STATES BONDS.

POLICIES VALUABLE IN LIFE AS AT DEATH!

The BROOKLYN LIFE is the only Company in the country which guaranties a definite surrender-value to every Policy on which two or more annual premiums have been paid; this amount, in dollars and cents, is endorsed on every Policy issued, should any Policy-holder become unable to pay his premiums, he can thus know the cash worth of the Policy at any time after two annual premiums have been paid.

This certainly is the greatest inducement and most tangible advantage ever accorded to parties insuring their lives.

Among the advantages offered by the BROOKLYN, which thoroughly evince the determination of the officers to make it the most LIBERAL Life Insurance Company in the United States are:

1st TOTAL REMOVAL OF ALL RESTRICTIONS ON TRAVEL AND RESIDENCE. The Assured may travel or reside anywhere they choose, the world over, without extra premium or special permit.

2d. A Loan of one-third of the Premium to the Policy-Holder Annually.

3d. All Policies are non-forfeitable after two full annual premiums have been paid.

4th. Rates as low as are consistent with financial soundness, and less than those of almost all Companies which accommodate their assured with loans.

5th. Dividends annually (after second year) in cash. Dividends are divided on the CONTRIBUTION PLAN—the only equitable manner of dividing the earnings of a Life Insurance Company. The Contribution Plan was first conceived by Mr. D. P. Fackler, now Actuary of this Company and has been adopted by most of the best managed Life Companies in this country.

The BROOKLYN LIFE has paid and now pays to its Policy-holders LARGER DIVIDENDS than ever before paid by a Life Insurance Company!

6th. Promptitude in paying losses.

7th. No charge for policy or stamp.

The success which the "BROOKLYN" has achieved, fully exemplified in its rapid and healthful growth, is a convincing proof of the confidence reposed by the public in its soundness, integrity and liberality.

"OUR BELOVED GOVERNOR"

The *Standard* tells of our "beloved," and a party of forty "beloveds," who made an excursion on Thursday, to the Company Shops, on the new engine, "Governor Holden." The *Standard* fails to give the names of any of the "beloveds" who accompanied "Our Beloved."

We understand, the "beloved" General Lafin was of the party. We hope the General did not allow his dog to drink out of the cup at the water cooler as he once did on the Wilmington Road.

Our neighbour, Hawk Rogers, was of the Company. The Republican Headquarters were represented in the person of Mr. Backalan, who is said to be a clever man, and keeps good whiskey, as the Governor can testify.

Theodore Joseph was of the party, a clever man—he keeps as good whiskey as at Republican Headquarters. Of this, the Governor, his son Joseph and Attorney General Coleman, can all testify.

Prarie was of the company. He keeps a fine bar. It was in his house we found the Governor giving a Massachusetts treat—drinking by himself. Prarie has not only good whiskey, but oysters, birds, fish and game.

These are liberal minded men; we hope the association of the Governor with them will cure him of the low, selfish habit of drinking by himself.

The "beloved" Professor Brewer, of the University, was of the company; but "beloved" Rev. Collards was not.

The "beloved" David Jenkins was also of the Company. He has never explained why he borrowed money of the State National Bank, to pay his October interest, and then failed to apply to the same Bank for money to pay his last January interest. Dave, this transaction unexplained, will cause your enemies to suspect you are in the Ring.

John Neathery was of the company.—John makes a poor paper, considering he has the Chief Justice, and his associates, Dick and Rodman, and Victor Barringer, and Pepper, and Soloman Pool, T. R. Caldwell, Professor Brewer and Pilgrim Ashley, to write for his paper.

Pilgrim Ashley, of the Supreme Court room, gave wisdom, dignity and loyalty to the company.

Major General Wollie D. Jones, the arch rebel and Roanoke prisoner, gave a martial and confederate air to the party. "The Governor has confidence in him."

Daddy Burns was there. He, our readers will remember, was of the Committee to investigate the Penitentiary fraud. He heard a witness, who knew the 8,000 acre purchase well, say, it would take 40 acres of it to support one wild turkey.

Dr. Gilmore, of the Lunatic Asaylum, and Willie J. Palmer of the Deaf and Dumb Asaylum, were also of the Company.

Coleman, the Attorney General and "our beloved Governor's" "beloved" son, Joseph, were not of the company; why, because, they have been drunk in the City for several days, fighting like sailors in a grog shop. "Let us have peace."

The party would have been complete in loyalty, if Joe and Coleman had not been disabled, and Littlefield and Alden had been present.

"Beloveds," these excursions may be sport to you, but they are death to the people. Some one must pay for them. Last year, when the only engine ever built at the Shops, was put upon the Road, the Superintendant, President, Master Machinist, Secretary, Treasurer, and a few citizens of the Shops, made a trip of three miles, and returned, and the engine was put to work.

We learn, as the party left the depot here, the band played "Hail Columbia," and the boys on the side track shouted, "blow your horn! Billy!"

Our devil who happened to be present, and witnessed the regal and loyal display, became enthused, and perpetrated the following parody:

> I want to be a President,
> And with "horn" Billy stand,
> A commission in my pocket
> And greenbacks in my hand,
> And right behind an engine,
> So gloriously tight I'd be,
> With forty jolly codgers,
> All on a mighty spree.

JINGLING OF BUTLER'S SPOONS.

In the Senate of the United States, on the 11th inst., Mr. Davis presented a resolution, censuring Benj. F. Butler, and other representatives, for disreputable conduct, noise and confusion, while the votes for President and Vice President were being counted. Butler introduced a resolution in the House, censuring Wade and the Senate, for disorderly conduct in the House, while the counting was going on. If it is true, that Butler was noisy, it may be accounted for, in consequence of the jingling of Southern spoons, which, it is said, he carries in his coat pockets, and the ecstacies into which Old Squint Eye was thrown, on the occasion.

The dignity of the United States is fast crumbling to ashes. In truth, there is no dignity in the National Legislature—it is composed of blacklegs and rowdies.

A GOOD DAY'S BUSINESS IN WALL STREET.

—When the scrip dividend of eighty per cent. was declared on New York Central, Commodore Vanderbilt was the holder of fifty million dollars of the stock. The price instantly rose thirty per cent. The profits of the transaction to the Commodore were, therefore, between four and five millions of dollars. Not a bad day's business.—*N. Y. Herald.*

JUDGE RODMAN—"Stop Thief:"

SIR:—Notwithstanding the absence of the Editor of the *Standard*, I received in the due course of the publication of his paper, your communication, "Stop Thief."

Allow me to say, I am altogether free of doubt as to the propriety of my strictures upon the Judiciary. To the friends of good government, social order, and civil liberty, it is a matter of serious and melancholy reflection, to see the whole Judiciary of the State inbued with that Jacobinical madness which characterizes Holden, "Hon." Wm. F. Henderson, of mule memory, and others, I could name, in their mad-dog chase with 80,000 negroes, to destroy the property and prosperity of the State.

You are pleased to say:

"The editor of the *Sentinel* for some time has been shrieking into the ears of its readers thieves, robbers, scoundrels, carpet-baggers and scallawags. These epithets have been applied to every prominent member of the Republican party of the State. The brighter and more illustrious the reputation, the more bitter and malignant the insinuations and attacks of the *Sentinel*. The amount of calumny, misrepresentations, slang and vituperation heaped upon the honest and patriotic Republicans of North Carolina by the *Sentinel* is only equaled by the gross and obscene assertions of Pomeroy's *Democrat*. Were we believers in the doctrine of transmigration, we would suppose that the spirit of Nero had taken possession of the present editor of the so-called democratic organ of North Carolina.

In its yesterday's issue there is what purports to be the proceedings of a public meeting in Chatham county. It is long since our eye lighted on anything so indecent, so bare-faced, and so unblushing as the infamous insinuations contained in the resolutions alleged to have been passed by this meeting of secessionists. These resolutions embody in a condensed form, a recapitulation of all the slanders and falsehoods which for months have been published in the *Sentinel* newspaper. There were no epithets too villainous, no misrepresentations too wicked, and there was no slang too contemptible which this Ku Klux band of conspirators did not fling out against the honored Chief Magistrate of our State and other distinguished gentlemen of the Republican party. The assertion that Mr. Bulla, the Solicitor of that district, was guilty of a violation of the law in accepting extravagant fees for his services bears on its face its own refutation. The fact is that these fees are fixed by the laws of the State and Mr. Bulla can no more alter the arrangement than he can stem the torrent with a threat."

Low minds usually resort to scurrility and falsehood after they have been beaten in argument; but you have resorted to it before I make an attack. It is not the first time you have assailed my political actions and conduct. I could triumphantly vindicate my conduct by assailing yours, as vulnerable antagonists usually do.

But let me first vindicate, by defending; and, in another letter, I may vindicate by assailing. When did you see gross and "obscene" expressions in the *Sentinel?* The words you have thought fit, in falsehood, to put in my paper, are not to be found in it.

I have called no man a liar, though I know certain of your friends who have sworn to lies. The word neither becomes my tongue or my paper. I can prove them liars without calling them so. When your friend, Judge Alden fled from justice, I said, oh, the thief or thieves; and I repeat it, oh, the thief. I say your friend Judge Alden is a swindler, and no better than a thief, and the man who would defend him is no better than Alden. I have called the Penitentiary purchase of 8,000 acres of worthless land, ten or twelve miles from the Penitentiary site, a swindle and a fraud, and no honest man can justify that fraud.

You denounce the meeting of the people of Chatham as a Ku Klux band of conspirators, flinging out wicked slang against the chief Magistrate of the State. The Chairman of that meeting was an old Union Whig, a meek, Christian gentleman. You hate him, because he would not follow you blindly into secession, when you and Holden taught the doctrine.

You justify Solicitor Bulla's taking $10 as a fee in cases of assault and battery. You know, Judge, that is not the law, and other Solicitors do not take it. I think Judge Tourgee has suggested this defence of Bulla to you, for he put the construction on the act by which Bulla extorted his $10 fees from defendants on the State docket—at least, Bulla said he did.

If our correspondence is to be of as long continuance as that of myself and the Senator from Granville, let me suggest to you, to imitate his light, easy flowing style, and avoid all abusive epithets. Violence never adds to the merits of literary productions. I will take some future occasion to reply to other parts and points of your editorial, "Stop Thief."

Say to the Chief Justice and Judge Dick, I may, when I have time, notice their editorials which have appeared in the *Standard*; and I will subscribe, as I am,

JOSIAH TURNER, Jr.

P. S. I heard of a Judge getting, without money and without price, a basket of wine at the free grog shop, but that is a Judicial secret, not to be made public.

UNIVERSITY RAILROAD.

In the proceedings of the Board of Directors of the University Railroad, held at Capel Hill, on the 5th instant, and published in the *Standard* of yesterday, we find the following extraordinary paragraph:

"It was ordered, on motion of Mr. Holden, that the name of each voter, and the person for whom he voted for President, be recorded on the minutes. Mr. T. M. Argo voted for Hon. J. W. Holden; Mr. J. W. Holden voted for Mr. T. M. Argo; Rev. Solomon Pool, Mr. E A. Wood and *H. C Thompson* voted for Henry C. Thompson."

Comment is unnecessary.

DEATH OF REV. HENRY A. WISE.—This distinguished young divine expired at the residence of his father, General Henry A. Wise, as the bell tolled the hour of 5 yesterday afternoon. It is a difficult as well as a sad task we have before us in recording the distinguished sphere of action of the deceased, and the eminent traits of his character. Though young, not having reached the meridian of life at the time of his death, he had acquired such a degree of fame and popularity that had his weak frame been able to withstand the exceeding power of his mind he would have lived to have achieved a name among the highest upon the roll of ministerial accomplishments.—*Rich. Dispatch.*

Legislature of North Carolina.

SENATE.

FRIDAY, Feb. 12, 1869.

UNFINISHED BUSINESS.

Bill to construct a Turnpike Road in the county of Carteret, through land owned by the Literary Board. (The bill asks an appropriation of $5,000.)

The question being an appeal from the decision of the Chair, the Chair was sustained.

Mr. Hayes' amendment, providing that said Road shall run through the lands belonging to the State, was accepted.

Mr. Robbins: An amendment providing that said appropriation shall be void if any portion of said body of land has been sold within the past year, and that none of said land shall be disposed of until the Road is completed which was adopted, and the bill passed its third reading.

Mr. Cook voted in the negative and changed his vote to the affirmative and gave notice that he should move a reconsideration of the vote, and hereafter he should vote against all appropriations of money.

Mr. Forkner moved a reconsideration of the vote.

A. H. Galloway, colored, moved to lay the motion on the table, which prevailed.

PETITIONS.

Mr. Wynne presented a petition from Parker Rand, relating to a claim against the State. Referred to the Committee on Claims.

REPORTS OF COMMITTEES.

Mr. Welker, from the Committee on Education, reported favorably with amendments, on the bill to provide a system of public instruction. The report of the Committee was ordered to be printed, and the bill was made the special order for Wednesday next.

Mr. Smith, from the Committee on Propositions and Grievances, reported favorably on the bill for the relief of J. T. Hargrave, late tax collector of Haywood County.

A message was received from the House transmitting the following bills, which were referred to appropriate Committees.

Bill entitled proceedings upon impeachment. Referred to the Committee on the Judiciary.

Bill to allow the Auditor and Treasurer to pack up and store away certain official documents in their possession. Referred to the Committee on Propositions and Grievances.

Resolution relating to the location of State lines between Virginia and North Carolina, and between South Carolina and North Carolina, passed. [This resolution proposes to raise a Joint Committee to ascertain and report what action is necessary to define said lines.

On motion of Mr. Osborne, the vote was reconsidered, and the bill was amended, on his motion, so as to make the members of the Committee from each branch of the General Assembly equal.

NOTICE OF BILLS.

By Mr. Cook: Of a bill to repeal the act granting aid to the Williamston and Tarboro' Railroad Company.

By Mr. Lindsay: Of a bill to extend the Dan River and Coalfield Railroad.

By Mr. Martindale: Of a bill in favor of the Sheriff of Washington county, and of a bill to amend the charter of the town of Jamesville.

By Mr. Robbins: Of a bill to provide for the appointment of Constables.

INTRODUCTION OF BILLS.

By Mr. Love: A bill in favor of J. W. C. Percy, late tax collector of Cherokee county. Placed on calendar.

By Mr. Hayes: A bill in favor of the late Sheriff of Robeson county. Referred to the Committee on Propositions and Grievances.

By Mr. Blythe: A bill requiring land holders to close their lines. Referred to the Committee on the Judiciary.

By Mr. Barrow: A bill to prevent the destruction of fish in the waters of this State. Referred to the Committee on Fisheries.

By Mr. Barrow: A bill to authorize the exchange of certain bonds issued during the war for internal improvement purposes for new bonds. Referred to the Committee on the Judiciary.

By Mr. Davis: A bill to incorporate the North Carolina real and personal estate agency. Referred to the Committee on Corporations.

By Mr. Walker: A bill to prohibit the sale of State bonds or other property set apart for the benefit of educational purposes, unless it is done by authority from the General Assembly. On his motion the rules were suspended and the bill passed its several readings.

Leave of absence was granted to Messrs. Rich, Welker, Barrow and Beall.

On motion of Mr. Jones, of Wake, the rules were suspended and the Communication from the Treasurer, in reference to charges preferred against him, in the remarks made by Senator Sweet some time since on the report of the Committee on bribery, was taken up.

Mr. Jones introduced a resolution proposing to raise a joint Committee to investigate the charges made against the Treasurer.

Mr. Sweet said that while he had no particular objection to the appointment of this Committee, he could not see what was to be gained by it, because the question would simply be Jenkins vs. Jenkins. He had made no charges against the Treasurer except what was based on his own evidence before the Committee. The Treasurer now comes with a communication contradicting what he swore to before the Committee, and charging him (Mr. Sweet) with making false charges. He did not think it right or just that he should be blamed simply because he *believed* what the Treasurer swore to. If the Treasurer choose to make an affidavit and correct his evidence given before the Committee after having examined his books and found that he was in error, he had no objection to such a course, but he could not see the necessity for the resolution.

Mr. Welker agreed with the Senator from Craven. He could not see that any thing would be accomplished by appointing another Committee. The sworn evidence of the Treasurer is on record, and he now sends a communication correcting himself, and asks us to believe that, if the Committee is appointed and they report, we should be left in the same predicament as we are now.

Mr. Love approved of the remarks of the Senator from Guilford, and thought that as the sworn evidence and the communication of the Treasurer are both before the Senate, there was no other action necessary.

The debate was continued at some length.

Messrs. Jones, of Wake, Cook, Hayes, Smith, Robbins, and Galloway, colored, favored the adoption of the resolution.

The previous question was called by A. H. Galloway, colored, and sustained, and the resolution was adopted.

Messrs. Jones, Burns, and Barrow, compose the Senate branch of the Committee.

On motion, the Committee on Propositions and Grievances were instructed to report, forthwith, the resolution relating to the assignment of the rooms in the Capitol to Executive Officers.

On motion, the Senate adjourned, until to-morrow at half past 10 o'clock.

By Mr. Purdie: A bill to authorize the Commissioners of Jackson County to levy a special tax for certain purposes. Referred.

On motion of Mr. Renfrow, the rules were suspended, and the bill authorizing the Commissioners of Halifax county to levy a special tax was taken up and passed its third reading, by a vote of yeas 80, nays none.

On motion of J. S. Leary, the rules were suspended, and the bill to remove obstructions in the Cape Fear River, was taken up, somewhat amended, and passed its several readings.

By Mr. Ragland: A bill that it shall not be lawful for the Judge holding the Spring terms of 1869, of the Superior Court of Granville county to give judgment for any part of debt or demand included within the provisions of an ordinance to change the jurisdiction of the Courts and the rules of pleading therein, ratified the 23d day of June, 1866, and ordinances amendatory thereof, but all proceedings in such cases shall be stayed until the Spring term, 1870, of said court. Referred.

Bill to amend the charter of the Green Swamp Co.

Bill in regard to the election of municipal officers in the town of Hertford, Perquimans county.

Bill to prevent the felling of trees in the Catawba River.

On motion of Mr. Estes, the rules were suspended and the bill to be entitled an act to raise revenue, was taken up.

The question recurred upon the 29th section in reference to the tax upon lawyers and physicians.

After a long debate and various amendments the section as amended was adopted.

The various sections of the bill was discussed and the House adjourned until to-morrow morning at 10 o'clock, without coming to a vote on the bill as a whole.

A CRETAN AMBASSADOR TO THE UNITED STATES.—The Cretan Provisional Government has dispatched an ambassador to this country, who is no less a person than the President of the Government. His name is Constantine Volondaki; he was at Paris on the 23d of January, and on that day published the following letter in the *Siecle*:

"Many persons who sympathise with the sufferings of my country, Crete, have asked me whether we could not, on obtaining reforms and concessions, submit ourselves again to the Sultan. In the name of all my countrymen, whose indomitable will I express, I answer thus—No! never, even though Greece, constrained by diplomacy, abandon us, never will we again fall his yoke. The massacre of our children, of our wives, and of our aged men in cold blood by the Turkish army under the orders of Mustapha Pasha and Omar Pasha can we ever forget? We might pardon these crimes, but on all the roads of Crete the bones of our fathers scattered by the Turks, dragged from the tomb after two centuries of repose, do not permit us to forget or forgive. We shall know how to fulfil our duty, as we have heretofore fulfilled it—that is, to perish to the last man, or obtain our union with Greece, our country, from which no human force will be able to separate us. It is with this unanimous resolution of all my countrymen that the mission I am now charged with to the United States of American is connected.

"CONSTANTINE VOLONDAKI,
"President of the Provisional Government of Crete, and Envoy Extraordinary to America."—"Paris Grand Hotel, January 23."

It will be seen from this that the Cretans do not give up the contest in which they have been engaged so long.

THE VELOCIPEDE MANIA.

A man in New Bedford has been offered $20,000 for the patent of his four wheeled velocipede; but has refused it, and contents himself with selling the Connecticut right for $6,000. Several of the leading firms in Newark, N. J., heretofore engaged exclusively in the manufacture of elegant carriages, have began the manufacture of velocipedes for New York firms, while other establishments are rapidly turning off the wheels and iron work to supply the trade in other cities.

Ayer's Sarsaparilla,
FOR PURIFYING THE BLOOD.

The reputation this excellent medicine enjoys, is derived from its cures, many of which are of a truly marvellous character. Inveterate cases of Scrofula, where the system seemed utterly given up to corruption, have yielded to this compound of anti-strumous virtues. Disorders of a scrofulous type, and affections which are merely aggravated by the presence of scrofulous matter, have been radically cured in such numerous instances, in every settlement in the country, that the public do not need to be informed here that it is in most cases a specific and absolute remedy.

Scrofulous poison is one of the most destructive enemies of our race. Often, this unseen and unfelt tenant of the organism undermines the constitution, and invites the attack of enfeebling or fatal diseases, without exciting a suspicion of its presence. Again, it seems to breed infection throughout the body, and then, on some favorable occasion, rapidly develop into one or other of its hideous forms, either on the surface or among the vitals. In the latter, tubercles may be suddenly deposited in the lungs or mesentery. Blotches, indeed, descend from parent to child, but is also engendered in persons born of pure blood. Low living, indigestion, foul air, licentious habits, uncleanliness, and the depressing vices generally, produce it. Weakly constitutions, where not forfeited by the most constant and judicious care, are peculiarly liable to it. Yet the robust, also, whose turbid blood swells the veins with an apparently exuberant vitality, are often contaminated, and on the road to its consequences. Indeed, no class or condition can depend on immunity from it, nor feel insensible to the importance of an effectual remedy.

In *St. Anthony's Fire, Rose or Erysipelas, for Tetter, Salt Rheum, Scald Head, Ringworm, Sore Ears and Eyes*, and other eruptive or visible forms of the diseases caused primarily by the scrofulous infection, the *Sarsaparilla* is as efficient as to be indispensable. And in the more concealed forms, as in *Dyspepsia, Dropsy, Heart Disease, Fits, Epilepsy, Neuralgia*, and other affections of the muscular and nervous systems, the *Sarsaparilla*, through its purifying power, removes the cause of the disorder and produces astonishing cures.

The sarsaparilla root of the tropics does not by itself achieve these results. It is aided by the extracts combined with it, of still greater power. So potent is this union of healing virtues, *Syphilis* or *Venereal* and *Mercurial Diseases* are cured by it, though a long time is required for subduing these obstinate maladies by any medicine. *Leucorrhœa* or *Whites, Uterine Ulcerations*, and *Female Diseases* in general, are commonly soon relieved and ultimately cured by the invigorating and purifying effect of our *Sarsaparilla*. *Rheumatism* and *Gout*, often dependent on the accumulations of extraneous matters in the blood, have their remedy also in this medicine. For *Liver Complaints*, torpidity, inflammation, abscess, etc., caused by rankling poisons in the blood, we unhesitatingly recommend the *Sarsaparilla*.

This medicine restores health and vigor where no specific disease can be distinguished. Its restorative power is soon felt by those who are *Languid, Listless, Despondent, Sleepless*, and filled with *Nervous Apprehensions* or *Fears*, or who are troubled with any other of those affections symptomatic of weakness. Many, after taking it for *General Debility*, have written us of the youthful vigor imparted to their nervous system, which seemed beyond all human profile in life they thought had departed on the advance of age. Others, whose fountains of life were always sterile, acknowledge their obligations to it for an obvious change.

Ayer's Ague Cure,

For Fever and Ague, Intermittent Fever, Chill Fever, Remittent Fever, Dumb Ague, Periodical or Bilious Fever, &c., and indeed all the affections which arise from malarious, marsh, or miasmatic poisons.

As its name implies, it does *Cure*, and does not fail. Containing neither Arsenic, Quinine, Bismuth, Zinc, nor any other mineral or poisonous substance whatever, it in nowise injures any patient. The number and importance of its cures in the ague districts, are literally beyond account, and we believe without a parallel in the history of medicine. Our pride is gratified by the acknowledgments we receive of the radical cures effected in obstinate cases, and where other remedies had wholly failed.

To the People of the Southern States.

NEW YORK, Nov. 3, 1868.

When the pure medicinal restorative, now so widely known as Wolfe's Schnidam Schnapps, was introduced into the world under the endorsement of four thousand leading members of the medical profession some 20 years ago, its proprietor was well aware that it could not wholly escape the penalty attached to all new and useful preparations. He, therefore, endeavored to invest it with strongest possible safeguard against counterfeiters, and to render all attempts to pirate it difficult and dangerous. It was submitted to distinguished chemists for analysis, and pronounced by them the purest spirit ever manufactured. Its purity and properties having been thus ascertained, samples of the article were forwarded to ten thousand physicians, including all the leading practitioners in the United States, for purposes of experiment. A circular, requesting a trial of the preparation and a report of the result, accompanied each specimen. Four thousand of the most eminent medical men in the Union promptly responded. Their opinions of the article were unanimously favorable. Such a preparation, they said, had long been wanted by the profession, as no reliance could be placed on the ordinary liquors of commerce, all of which were more or less adulterated, and therefore unfit for medical purposes. The peculiar excellence and strength of the oil of juniper, which formed one of the principal ingredients of the Schnapps, together with an unalloyed character of the alcoholic element, give it, in the estimation of the faculty, a marked superiority over every other diffusive stimulant as a diuretic, tonic and restorative.

These satisfactory credentials from professional men of the highest rank were published in a condensed form, and enclosed with each bottle of the Schnapps, as one of the guarantees of its genuineness. Other precautions against fraud were also adopted; a patent was obtained for the article, the label was copyrighted, a *fac simile* of the proprietor's autograph signature was attached to each label and cover, his name and that of the preparation were embossed on the bottles, and the corks were sealed with his private seal. No article had ever been sold in this country under the name of schnapps prior to the introduction of Wolfe's Schiedam schnapps, in 1851; and the label was deposited, as his trade mark, in the United States District Court for the Southern District of New York during that year.

It might be supposed by persons unacquainted with the daring character of the pirates who prey upon the reputation of honorable merchants by vending deleterious trash under their name, that the protections so carefully thrown around these schnapps would have prevented the introductions and sale of counterfeits. They seem, however, only to have stimulated the rapacity of impostors. The trade mark of the proprietor has been stolen; the indorsement which his Schiedam Aromatic Schnapps alone received from the medical profession has been claimed by mendacious humbugs; his labels and bottles have been imitated, his advertisements paraphrased, his circulars copied, and worse than all, dishonorable retailers, after disposing of their genuine contents of his bottles, have filled them up with common gin, the most deleterious of all liquors, and thus made his name and brand a cover for poison.

The public, the medical profession and the sick, for whom the Schiedam Aromatic Schnapps is prescribed as a remedy, are equally interested with the proprietor in the detection and suppression of these nefarious practices. The genuine article, manufactured at the establishment of the undersigned, in Schiedam, Holland, is distilled from a barley of the finest quality, and flavored with an essential extract of the berry of the Italian juniper, of unequaled purity. By a process unknown in the preparation of any other liquor, it is freed from every acrimonious and corrosive element.

Complaints have been received from the leading physicians and families in the Southern States of the sale of cheap imitations of the Schiedam Aromatic schnapps in those markets; and travellers, who are in the habit of using it as an antidote to the baneful influence of unwholesome river water, testify that cheap gin, put up in Schiedam bottles, is frequently palmed off upon the unwary. The agents of the undersigned have been requested to institute inquiries on the subject, and to forward to him the names of such parties as they may ascertain to be engaged in the atrocious system of deception. In consequence, the undersigned would say that he has produced, from under the hands of the most distinguished men of science in America, proofs unanswerable of the purity and medicinal excellence of the Schiedam Aromatic Schnapps; that he has expended many thousand dollars in surrounding it with guarantees and safeguards, which he designed should protect the public and himself against fraudulent imitations; that he has shown it to be the only liquor in the world that can be uniformly depended upon as unadulterated; that he has challenged investigation, analysis, comparison, and experiment in all its forms; and from every ordeal the preparation which bears his name, seal and trade-mark, has come off triumphant. He therefore feels it a duty he owes to his fellow-citizens generally, to the medical profession and the sick, to denounce and to expose the charlatans who counterfeit these evidences of identity and he calls upon the press and the public to aid him in his efforts to remedy so great an evil.

The following letters and certificates from the leading physicians and chemists of this city will prove to the reader that all goods sold by the undersigned are all they are represented to be.

UDOLPHO WOLFE.

I feel bound to say, that I regard your Schnapps as being in every respect pre-eminently pure, and deserving of medical patronage. At all events, it is the purest possible article of Holland Gin, heretofore unobtainable, and, as such, may be safely prescribed by physicians.

DAVID L. MOTT, M. D.,
Pharmaceutical Chemist, New York.

26 PINE STREET, NEW YORK, Nov. 21, 1867.

UDOLPHO WOLFE, Esq., *Present:*

DEAR SIR:—I have made a chemical examination of a sample of your Schiedam schnapps, with the intent of determining if any foreign or injurious substance had been added to the simple distilled spirits.

The examination has resulted in the conclusion that the sample contained no poisonous or harmful admixture. I have been unable to discover any trace of the deleterious substances which are employed in the adulteration of liquors. I would not hesitate to use myself or to recommend to others, for medical purposes, the Schiedam Schnapps as an excellent and unobjectionable variety of Gin.

Very respectfully yours,
(Signed,) CHAS. A. SEELY, Chemist

PERSONAL.—Capt. Wm. Biggs, of the Tarboro *Southerner*, arrived in our City last evening, and favored us with a call.

STATE AGRICULTURAL SOCIETY.—We call the attention of the farmers and planters, the press of the State, and the whole people, to the following proceedings of the friends of the State Agricultural Society, held in this City on the 11th. We want, and we ask the co-operation of the citizens generally, in this great and noble work—their help is needed *now*, to re-organize the State Society, and to appoint the time for the State Fair, and to this end, all are invited to attend an adjourned meeting, to be held in the Court House, on the 20th. inst. We shall look to that day, with great anxiety, and the hope, that a full attendance will enable us to announce a thorough re organization of the State Agricultural Society, and the State Fair.

RALEIGH, Feb. 11, 1869.

At a call meeting of the North Carolina, State Agricultural Society held this day at the Mayors Office, it was announced that the lamented President, Dr. W. R. Holt, having departed this life since the last meeting of the Society, and none of the Vice Presidents being present, H O. Parker Esq., of Wake, was appointed Chairman. The object of the meeting having been explained, on motion of Hon. S. H. Rogers, the following resolution was adopted:

Resolved, That a Committee of three be appointed by the Chair to confer with the Agricultural Committees of the General Assembly to investigate fully the condition of the Society and to make such suggestions as may seem fit to them, to effectuate its reorganization, that they be requested to report to an adjourned meeting to be held on the 20th. day of Feb. 1869 at the Court House in the City of Raleigh, at 12 o'clock M.

The Chairman appointed Messrs. M. A. Bledsoe, R. S. Tucker and S. H. Rogers to constitute the Committee.

On motion, all the Editors of the several news papers in the State, were requested to publish these proceedings, and to urge the planters and all others who feel an interest in reviving the State Fair, to attend the meeting above referred to.

On motion the meeting adjourned.

DEMOREST'S MIRROR OF FASHION for March, is promptly out, and sustains the high character which it has made, by being one of the most exquisite Ladies Book, in the land.

PETERSONS MUSICAL MONTHLY for March, has been received, and as usual, is a gem. The March number contains several peices of new music, among them, "Mrs. Capt. Jinks," which is equal to the famous "Capt. Jinks."

HEARTH AND HOME.—Hearth and Home having attained the mature age of eight weeks, may now be regarded as an institution, in the American sense of that word. As to looks, there is no more attractive paper in the country, and in this matter the publishers deserve unstinted commendation. The number for February 13, just issued, is peculiarly noticeable in this respect. It contains fourteen illustrations, nearly all of which are excellent specimens of drawing and printing. That of "St. Valentine's Day," on the first page, a better printed than drawn, by reason of a certain stiffness which the artist has imparted to the figures. A little gem in the way of drawing, is "The Children of the Week," the work, we believe, of a lady. Accompanying this number is a large picture on tinted paper, called "The Pet of the Village," which cannot but be welcome in many a home. A marked improvement in the paper since its first appearance is seen in the variety of topics treated, and in giving short articles, the preference to long ones.

LONGEVITY IN N. C.—According to the census returns of 1860, we had in North Carolina, at that date, 25 whites over one hundred years of age—9 males and 13 females. There were 83 blacks over one hundred years old—32 males and 51 females.

Paupers.—We are set down as having 1,911 native paupers, and 11 foreign, costing the State, for their support, $83,486 annually.

Convicts—447 natives and 3 foreigners.

Taxation.—State tax $543,643; County taxes $258,417; Town tax $2,100; School, $94,731; Poor, $89 374; Road $3,629; Miscellaneous, $53,836—the whole amounting to $1,044,732.

WHO WILL RULE?—WHO DISAPPOINTED?

A few more working days yet remain, before General Grant will walk into the White House, and assume the proportions of President of these United States, and Commander-in-Chief of the armies. The question arises, who will rule, Grant or the Jacobins who muzzled President Johnson? From our stand-point, and the lights before us, and our interpretation of the English language, General Grant is bound to respect the will of the people, not as expressed through Congress—but the direct will of the people, as understood by himself.—That's his position; and *if* his position, then he comes in direct antagonism to the Congress.

It cannot be concealed, that there is considerable uneasiness already visible among those who expected, and desired, to manipulate the actions and thoughts of the incoming President, and it is equally apparent, that their fears are well-founded.—We believe, and now predict, that President Grant will have "a way of his own," and that his friends—those who "fought, bled and died," to secure his election, while they will be gratefully remembered, will be left out in the cold. "Our much respected, and beloved Governor," it is said, would like to go into the Cabinet—but he will be disappointed, and his disappointment, will per consequence, disappoint Tod R. Caldwell, who, we doubt not, would like, exceedingly, to have a full commission as Governor, and occupy the palace, now occupied by Cebe Harris, upon whose authority, we have yet to learn.

Now, we protest against the President's giving "our Governor" the go by. Has he not sacrificed much, yes, very much, for the cause? Has he not kept the old flag flying over his residence until the wind has whipped it into shreds? Governments are ungrateful; and Grant will, before the expiration of his term of office, find "our Governor" in opposition to his policy.

This is his written history, down to, and including, his appointment by President Johnson, as Provisional Governor of North Carolina. All remember how grateful he proved for his first elevation to the Gubernatorial Chair, and it is yet quite fresh in the memory of our people, how incensed Holden was, and how he fumed and foamed, at what he was once proud to call the treachery of Andrew Johnson, while Governor of Tennessee; and it is only a question of time, his bitter opposition to President Grant.

But, enough, for the present. We shall see what we shall see; and if we do not see W. W. Holden the sworn enemy of Grant, we shall be greatly disappointed.

CURIOUS EXPERIMENT.—The other day in private company, says an English paper, a medical gentleman amused his friends by lighting candles with his breath as fast as they put them out. A cigar, which was very nearly out, being presented to him, he breathed upon it and it flared up into a flame. He subsequently let out his secret, which was that a short time before he had been inhaling oxygen gas. This substance may be absorbed in considerable quantities by the respiratory organs, and when this has been done one continues to exhale the gas, though in an impure state, for some time after. Now, if there remains the slightest point of ignition of the wick of a candle after it has been blown out, that is quite sufficient to make it light up again if it comes in contact with oxygen.

A friend suggests, that there are some persons whose breath would ignite, if brought in contact with fire, without the aid of oxygen gas.

From the Hillsboro *Recorder*, we gather the following items of news:

Martha Turner, who lives up the Railroad a few miles from this place, has been in the habit of keeping a notoriously bad house. On last Sunday night, this woman was shot with a pistol ball, to the right of her left eye; the ball striking the hard bone that shelters the eye and glancing through her temple; it made an ugly wound, hanging the skin over her cheek. She states, that there was a gang of about eight men, and that after shooting her, they went off, and in a few minutes returned, when she ran out, and they burnt her house and all that was in it down to the ground. She claims to have recognized a white man and two negroes among the party. The woman and her children have since been taken to the poor house.

One day last week, as a negro named Croker, was riding through the South-Western portion of this County, he was halted by a negro man, and, at the muzzle of a pistol, his money or his life was demanded. He handed out his last cent—one dollar and a half. The negro then made a rake at Croker with a knife, cutting through his pants, drawers and shirt.

Jerry Durham—an ill disposed negro living in the Bethel neighborhood—was cut with an ax by a white man with whom he was at work the other day.

On Tuesday, the 27th of January, Mr. Paul Terrel, and his son living near Prospect, visited Leasburg to collect some money. They were under the influence of liquor when they came, and while in Leasburg, they continued to increase it—until they left for home, in the evening, in a buggy. On their way home, they both fell out in the road about six miles from Leasburg and were unable to get in without help; about sun down they were helped in by some passing by, and they drove on several miles farther, when both fell out again, and were seen lying in the road about mid night apparently asleep. The son, after a while, called loudly for help to put his father in the buggy again, supposing him to be sleeping; when, lo! upon putting him in the buggy, he was found to be dead

MORE TROOPS.—We see by a telegram in this issue from Washington City that Wilmington is to be again garrisoned by troops. They will in all probability be quarted upon us in a few days. What the particular necessity for their presence here is, we do not know, but coming it certainly appears they are necessity or no necessity. —*Wilmington Journal.*

EXTRACT FROM A LETTER OF JOHN PAUL JONES—WHERE IS HIS BUST?

In the seventh volume of the "Diplomatic Correspondence of the United States, from the treaty of peace to the adoption of the Federal Constitution," the following passage occurs in a letter from John Paul Jones to Thomas Jefferson, under date of March 20th, 1791:

"Having lately receive a letter from Mr. Burton, a former member of Congress, with whom I had the honor of being acquainted at New York, requesting my bust *in behalf of the State of North Carolina*, I have ordered Mr. Houdon to prepare and forward it by the first ship from Havre de Grace for Philadelphia; and as that bust will be decorated with the order of St. Ann on the American uniform, this is one reason of my wishing to be authorized by the United States to wear that order. Mr. Burton desires me to forward the bust to the care of Col. Ashe; but as that gentleman may, perhaps, have left Congress before the bust arrives, I shall take the liberty of addressing it to you, requesting you to deliver it to the North Carolina delegates, who will be so good as to forward it to the Governor of that State."

What became of that bust? If in existence there is one means by which it can be identified even at this late day. Jones, at that time a Vice Admiral in the Russian service, had, by his skill and gallantry in the war between Russia and Turkey, just won the order of St. Ann; the most distinguished of all the Russian military orders; and, as an American citizen, had requested permission of the Continental Congress to wear it.—Before receiving this order, he had sent several busts, by Houdon to America, which were, of course, not decorated with it, and, as Congress refused him permission to wear the order, none made subsequent to that time, could have borne its insignia. Hence it follows: that the bust intended for North Carolina was the only one "decorated with the order of St. Ann on the American uniform" and can be identified. Where is it? Who can give any information on the subject?

A bust of John Paul Jones, the greatest naval hero of the revolution, who captured prizes in sight of British ports; and carried off British officials prisoners from the very soil itself, of that sea-girt Isle which claims to rule the sea, chiseled by Houdon, the greatest sculptor of his time, would be, indeed, a treasure; and there is a peculiar fitness in North Carolina—so large a proportion of whose people are of Scotch descent—possessing the counterfeit presentment of the "Scotch Pirate" as the British called him, for Jones was a Scotchman by birth, but a true son of America by adoption.

Our Legislature might set on foot some inquiry into this matter, if they could spare the time from the Railroads, the Penitentiary and the Ring. G. W.

PROFESSOR PHILLIPS AND DAVIDSON COLLEGE—PROSPECTS OF THE COLLEGE, &c., &c.

DAVIDSON COLLEGE, N. C.,
February 5, 1869.

Dear Journal:—Our College has just been favored with a visit from Professor Charles Phillips, of Chapel Hill. He was accompanied by his accomplished sister, Mrs. Spencer, the authoress of "The Last Ninety Days of the War." During his stay Professor Phillips delivered a most able lecture before the students and a large concourse of the citizens of the village.

The purpose of Dr. Pillips' visit was to make arrangements about moving here.—He is to take the chair of Professor of Mathematics *vice* Professor McIver, who has been elected Professor of Mathematics at Chapel Hill. A strange case it is, that an *Alumnus* should exchange places with his old Professor, but stranger still it is, that he will go where his old Professor cannot consent to stay. Dr. Phillips is the last one of the Professors remaining at Chapel Hill, and soon it may in every respect be called the "deserted village," for those who go to supply the places left vacant have "deserted" the sacred fealty of race. Many will be the tears shed by Carolinians over the sad fate of their *Alma Mater*, once the chiefest ornament of the State.

With the able corps of Professors which Davidson College now has, it certainly is commendable to Southern patronage.—The reputation that all of its Professors enjoy is sufficient to call many to this shrine of the Muses. Dr. Phillips, as a mathematician, is known throughout our land; his good works while at the University will live for future generations to admire, and now since he is soon to leave the home of his boyhood and the grave of his father, may he find here in old Mecklenburg "a home for the persecuted and exiled from every land." Rich in historic renown, she well deserves to be called the home of such a man, and she claims a full share of his labors, while she excludes not those from a distance. KAPPA.

CHARLES' LONDON CORDIAL GIN,
Or Pure Liquor of Juniper Berries.

This favorite brand of Pure London Cordial Gin, has stood the test of time, imitation, piracy, high tariffs and unfair competition, and still enjoys a constantly increasing sale; showing that true merit does not always go unappreciated.

CHARLES' LONDON CORDIAL GIN is offered to the public as a perfectly reliable specific in all cases of DISEASED BLADDER and KIDNEYS. It acts directly on these organs, with a directness and speediness which render it invaluable to persons suffering from GRAVEL, DIABETES, INFLAMED BLADDER, scanty and highly colored urine, and in all cases where, from whatever cause, a healthful diuretic is required.

Ladies subject to painful menstruation, can by the use of Cordial Gin a few days previous to, and during illness, obtain great relief. In such instances it should be taken with sugar and warm water.

As a tonic and beverage this Gin is unequaled, as it possesses none of the headache properties to be found in those poisons, now so frequently sold under the names of Gin, Brandy, Whiskey, &c.

FROM WASHINGTON.

WASHINGTON, Feb. 12, M.

The spirit prevailing in the House of Representatives may be imagined from the following extracts from yesterday's proceedings:

Mr. Butler—I take back nothing.

Mr Bingham.—Then I ask the House to compel you to take back your revolutionary resolution. That is something that the gentleman cannot retract, and I denounce it here, to-day, before the House, and before the people of the country, as being as unwarrantable as any act of secession I denounce, as a representative of the people, this attempt to inaugurate revolution on the floor of the House. I will oppose the reference of the resolution as seeming to commit the House, in some sort, to a challenge of your own law. How would it look, for us to refer another resolution, suggested by the speech of Mr. Butler, and that is, that the house should be authorized to use the gentleman's language, if the Senate would not retire from the Joint Convention, to kick it out.

The gentleman from Massachusetts should be the captain in the kicking operation. (Laughter) I think the gentleman cannot gainsay his speech in that behalf which brought down the galleries and split the ears of the groundlings, and it illustrated the animus of his resolution. I denounce it here as a resolution of a revolutionary character. The idea of the House of Representatives kicking the Senate of the United States.—About the time that you will have proved yourselves greater architects of your country's ruin than did the million of men who, for four years, waged war upon your Constitution and your laws drenching your land with blood, and ridging it all over with graves.

Mr. Butler, (aside)—I always did like that speech of Mr. Bingham's (Laughter.)

Mr. Schenck—I have not the slightest idea of proposing the censure of the Speaker. I think he was excited like the rest of us.

Mr Colfax—He was not.

Mr Schenck—There is only a difference of opinion about that.

It authorizes the re-assembling of the Convention forthwith, by order of the President thereof, and in case of his failure within thirty days, by order of the commanding General of the District. The said Convention in addition to the present powers, shall appoint a Provisional Governor, and may remove and appoint all State, county, township and other officers of the Provisional government, and to authorize the Provisional Governor to remove and appoint registrars and judges of elections and submit to the people, with or without amendments, the Constitution heretofore framed by the Convention.

The bill exempts from attachment, or sale of household property, or implements, to the value of five hundred dollars, and authorizes the Convention to pass ordinances consistent with the Constitution and laws of the United States, for the protection of life, liberty and property. The Convention is not to continue in session more than thirty days nor allow members more than five dollars each per day, nor more than ten cents per mile mileage. The ordinances of the Convention to remain in force until disapproved by Congress, or until the State is admitted.

LIFE INSURANCE.

NATIONAL
LIFE INSURANCE COMPANY,
OF THE
UNITED STATES OF AMERICA,
WASHINGTON, D. C.

Chartered by Special Act of Congress, Approved July 25th, 1868.

CASH CAPITAL,
$1,000,000,
PAID IN FULL.

BRANCH OFFICE:
FIRST NATIONAL BANK BUILDING,
PHILADELPHIA,

where the general business of the Company is transacted, and to which all general correspondence should be addressed.

OFFICERS.

CLARENCE H CLARK President.
JAY COOKE Chairman Finance and Executive Committee.
HENRY D. COOKE, Vice President.
EMERSON W. FEET, Secretary and Actuary.

This Company, National in its character, offers, by reason of its large capital, low rates of Premium, and New Tables, the most desirable means of insuring life yet presented to the public.

The rates of premium being largely reduced, are made as favorable to the insurers as those of the best Mutual Companies, and avoid all the complications and uncertainties of Notes. Dividends and the misunderstandings which the latter are so apt to cause the Policy-holder.

Several new and attractive tables are now presented, which need only to be understood to prove acceptable to the public, such as the INCOME-PRODUCING POLICY and RETURN PREMIUM POLICY. In the former, the policyholder not only secures a life insurance, payable at death, but will receive, if living, after a period of a few years, an ANNUAL INCOME equal to ten per cent. (10 per cent) of the par of his policy. In the latter the Company agrees to return to the assured the total amount of money he has paid in, in addition to the amount of his policy.

The organization of this Company on the LOW RATE, CASH PLAN, with new features and unequaled security, has evoked the most remarkable opposition from older and rival Companies. By means, fair and unfair, they have sought to injure the new system, and have attacked it with a degree of virulence unknown in the history of Life Insurance.

Not satisfied with the immense sums of money paid Insurance and other journals, to try and check the rapid progress of the National an unsuccessful motion was made in Congress to repeal its Charter, all of which but accelerated its speed for since then the largest policies issued has been to members of Congress, whose attention has been thus attracted to its unsurpassed advantages. In the face of this opposition, the work of the Company has gone steadily forward, and it is with no little satisfaction that the GENERAL AGENTS are able to state that the business to date is far in advance of anything hitherto accomplished

RALEIGH, N. C.

THIS HOME COMPANY, CHARTERED BY the Legislature of North Carolina, insures property against loss or damage by
FIRE, LIGHTNING, OR TORNADO,
and does business on the Mutual and Joint Stock plans.

The character of those who control the affairs of the Company is a sufficient guarantee that it is, what it professes to be, a HOME ENTERPRIZE, offering ample and liberal protection against loss by fire, &c., on the most easy and liberal terms to insurers.

The TWENTY THOUSAND DOLLARS in N. C. Bonds, required by the Charter to be deposited with the Public Treasurer, have promptly been so deposited and the Treasurer's receipt therefor obtained.

Policies are issued for a term not to exceed five years.

No other Company offers greater inducements to Insurers.

Now is the time for all who feel any interest in a HOME INSTITUTION to come forward and encourage this Company—receiving, as they will, reciprocal benefit in the enhancement of value and protection of their property.

For further particulars, address the Secretary, or consult General or Local Agents, who will, in due time, be announced.

ALL LOSSES PROMPTLY ADJUSTED AND PAID.

Executive Committee:—George Little, Willis J. Palmer and Jas. A. Moore.

Office of the Company, at present, at the store of W. H. Jones & Co., Raleigh, N. C., where the officers may be found.

This Company is now ready to receive applications for insurance, on the mutual plan, and to issue policies. This scheme is fully explained in a circular addressed to the people of North Carolina, to which special attention is called. It can be had by addressing the Secretary, or from our Agents. It is believed that our mutual plan offers inducements to the people at large, not equaled by other Companies.

The Company has issued a Prospectus to raise a Capital Stock to enable it to take Life risks on the Stock plan. When this is done, the Company will offer a very superior scheme of Life Insurance on this plan.

We want Agents in every city, town and village in the State. The Company will be managed with the strictest economy and efficiency, for the benefit of the insured and all interested.

We must build up our home institutions and, as far as possible, keep our money at home to promote home enterprise, home industry and prosperity. W. E. PELL,

THE OLD RALEIGH & GASTON RAIL ROAD THE SHORTEST, QUICKEST, SAFEST AND BEST LINE, NORTH AND SOUTH, TO BE LEFT OUT IN THE COLD, UNLESS SHIPPERS SPECIALLY SAY VIA. R. & G. R. R!

WE inaugurated and are the *Great through Inland Air Line Route* to all the Northern Markets, and have successfully worked the Line to the entire satisfaction of Shippers, North and south, for the last ten years, as the ten *Thousand* shippers in North and South Carolina will testify. We paid the State near Seven Hundred Thousand Dollars for her interest in this Road—thereby saving the people from Taxation for all time to come $40,000 per year; and we unhesitatingly declare that we can and will give more dispatch to all points, North and South, than any other Line.

NEW METHOD OF WASHING CLOTHES WITHOUT LABOR.

THE AUTOMATIC CLOTHES WASHER AND BOILER.

THIS BOILER IS MOST EFFECTUAL, reliable and universally recommended. It can be used on any Stove or Range, in any boiler, and the LOW PRICE of the article places it within the reach of every family.

This Boiler operates upon purely philosophical principles, is self-acting, and dispenses with labor and the wear of the clothes.

The hot suds and steam, by the action of heat, are driven up through tubes, poured upon the clothes, and forced through the fabric with astonishing rapidity, cleansing all articles, from the finest laces to the bed-blanket. For Flannels it is invaluable, as it does not full them as in the old process of rubbing and pressing.

The time required for cleansing a boiler full of clothes is twenty to thirty minutes, and nearly three hundred gallons of boiling suds are forced through the fabric, thoroughly loosening and eradicating the dirt WITHOUT LABOR or friction.—A thorough rinsing finishes the process.

Washing day will no longer be a terror and dread to housewives. The cost of the Boiler will soon be returned in the SAVING OF TIME AND LABOR, and the great saving in the wear of clothes.

The great value of this invention appears so clear, and appeals so directly to common sense, that we have deemed it unnecessary to accompany its introduction with numerous letters of approval, &c.

No invention has met with such ready sale and given such satisfaction. Call at LOUGEE & BROTHER'S, and see its wonderful operations. We have the exclusive right to sell and manufacture in the State.

All orders must be addressed to J. B. HUNTER & CO., Raleigh, N. C.

DRY GOODS.

NEW GOODS! NEW GOODS!

AT HOME AGAIN!!

WITH A HOUSE JAMMED AND PACKED FULL OF NEW FALL AND WINTER GOODS, FOR 1868.

COME TO A. CREECH'S!

For Ladies' Goods! For Gentlemen's Goods! For Misses' Goods! For Boys' Goods! Ditto for Children!

MY STOCK IS LARGE AND VERY COMplete. Allow me to say that you see some very strange advertisements. Some say they bought goods before the rise—some after the decline—some just in time—some in luck again—some buy goods cheaper than anybody else—some selling goods at unprecedentedly low prices—some controlling the trade &c., &c., and all such stuff. What a lucky set of individuals!

Now just let ME tell you, that there is more humbug than poetry in all this. Don't every man, woman and child know that it is humbug—large enough to be seen even with one eye shut? So let them talk, puff and blow, but sroz, LOOK OUT! HANDS OFF! and show your good judgment by

COMING TO CREECH'S

to buy your goods. I intend to run through this campaign with my motto, to give each and every individual value received for their support!

A fine opportunity for the ladies to exercise their fashionable rights, as well as the gentlemen. Don't stop until you COME TO CREECH'S. You will find me at H. Smith's corner, attending to my business, always ready to give you the worth of your money.
